

Indiana Department of Education  
SUPPORTING STUDENT SUCCESS

## MEMORANDUM

**TO:** Superintendents, Principals, Leaders of Charter Schools and Accredited Nonpublic Schools

**FROM:** Jeffery P. Zaring, Chief of Results and Reform

**DATE:** September 23, 2010

**SUBJECT:** Accountability Schedule

The Department of Education expects to release preliminary AYP determinations early next week. The delay from our original target release date was caused by the need to make sure that alternate assessment data are handled appropriately. We appreciate your patience.

You will access the preliminary AYP data the same way you have in the past, although there have been several enhancements that will help your review. When we release the data, we will provide login details and information about process changes necessitated by the change to spring testing and ECAs and the addition of the IMAST test.

P.L. 221 determinations will follow shortly. We will open the appeal window after the P.L. 221 data are available. Public release will occur after the appeal period.

Please send any questions to [ayp@doe.in.gov](mailto:ayp@doe.in.gov).
